

# Fashion Fundamentals

for men & women... from head to toe

## FALL TRENDS:

Who's excited and ready for FALL? I know we are! And the fashion is AMAZING for the season! Some fashion trends of the FALL season include:

70's style, Mod 60's, romantic/floral and bohemian looks. Also, heading back in time to the days when bands like Depeche Mode and Stevie Nicks were rocking the music charts. Some other emerging trends for both men

and women are military looks, long camel coats, and velvet clothing. Adding lots of layers is also a big trend right now for the Fall 2010

season. You can even incorporate your feminine floral dresses with big belted sweaters or leather bomber jackets. Some hot accessories right now include wide belts and big cocktail rings for women and masculine broaches for men.

## DAY TO NIGHT:

Need to transform your day look into a glamorous evening ensemble in a New York Minute? Well, adding an accessory such as great earrings, cuffs, or a cocktail ring is a quick way to add some "GLAM" to your day look. You can even incorporate a pair of wide leg pants with a simple knit top and throw on a sequin vest or cropped jacket to add a little pizzazz!!!

Using your own style and adding a few cool accessories can take your look from day to evening in no time!

## FALL COATS:

I know most of us all look for that FAB coat to get us into the season; and some of the latest looks this season include; trench coats, leather looks, lots of faux fur accents, capes and oversized belted styles. This goes for both guys and gals!

With so many incredible styles to choose from, everyone is able to incorporate their own personal style into their new fall look!

## MAKEUP TRENDS:

What's the best thing about being a girl? Putting on makeup, of course! The latest fall

colors for the season take being playful and unique to a whole new level. From colorful nails to smoky eyes, ruby red lips and also using lots of nude tones for natural looks. The focus should be on one key feature. Pick a trend to try for fall and put your own spin on it!
