

How would you like to get paid to show up to work in sweatpants and make an easy \$350!?! Margarite Davidian and Frank Capan can tell you what it's like since they recently jumped on set in their comfy pajamas for a Time Warner shoot. Our talented duo played a not-so-happy husband and wife team in a comedic spot for this well-known company where their funny banter back and forth is sure to make for a memorable commercial. We're super stoked that these two nabbed the roles and can't wait to see them in action.

WOO HOO! Our talented girl Katie is zipping around LA booking gigs, auditioning, and overall becoming a success in the industry these days! Katie has taken a lead in four independent films, a supporting role in another film, a LEAD in a pilot called "Sleepless on Sunset", and in April, she'll be filming another supporting role in a short film! WHOA! What else is cool? Katie's beau is an actor/director and has been in several big name films like: "Band of Brothers," "Basketball Diaries," "Hook," among many others... Now, he's making his directorial debut for his first short film titled: "Baby Bomber" that will debut at the Cleveland Film Festival this year! Of course Katie will be in town to root on her man, so be sure to head up to the fest yourself this year to hang out with a Pro-Model and Talent Alum and possibly hear more about her successes.

Jody Stevenson, Columbus, Ohio attended IMTA with Pro-Model and Talent in the past and we are proud to note as the first deaf actress to attend the convention! After IMTA Jody relocated to LA to pursue acting and has done lots of exciting things! Most recently Jody starred in "See What I'm Saying: The Deaf Entertainers Documentary" AND in the cute romantic comedy, "Café Co-Existence". She is also preparing to attend her very first movie premier.

Our girls looked amazingly gorgeous at the recent Mr. Anthony's/Matina's Bridal Show in Youngstown! Andrea, Anna, Rachel, and Heather rocked the runway at the show wearing the most beautiful bridal attire embellished with beads, crystals, flounces, and more... And it goes without saying, but they all had a ball showing off the gowns

on stage for all to just after! Take a look here first to check out our gals for yourselves and what the hottest bridal designs are for the new year!

LOVE-A Dove, Dove! Yes my friends our promotional staff is thrilled to the gills to be promoting Dove For Men and they want to share all of the good news with you! Hit up a Sam's Club near to you as our gals chat you up about buying a lathering and/or emollient treat from the line of products for your favorite dude in the house! Who knows, they may offer you a discount too?!

Barbizon of Akron Graduate Wins \$100,000.00 College Scholarship

"I have always worried about the money involved with going to college. I didn't want to tell my mom where I really wanted to go, because I didn't think that it was realistic. Now, I can go to NYU or any Ivy League school, that I have always wanted to go to but didn't think I would be able to! I don't have to worry about the money any more which means I can focus on my studying and grades." says former Barbizon of Akron student Briana Lehman from North Ridgeville.

We are proud to announce that this local young lady a sophomore at North Ridgeville High School is the 2010 winner! Lehman is a stellar student with a 4.3 Grade Point Average who has dreams of attending a top-ranked university and now has the opportunity to fulfill her aspirations as a result of this scholarship. Briana credits much of her self-confidence and ambition to the experience that she had with Barbizon of Akron as the training taught her the importance of saying no to peer pressure, cultivating a better sense of poise and general presence, and developing a competitive edge. Lehman says, "Barbizon of Akron pulled it all together for me. Now I know how to go into any job interview and [handle myself]... Barbizon helped me prepare for the real world and put me ahead of the pack!"

Briana's mother also attributes her daughter's strong sense of character and self-esteem to Barbizon of Akron. "[Barbizon of Akron] helps teens develop self-confidence, self esteem, and the strength of character to be able to stand up to the peer pressure that is out there today. [Barbizon Graduates] realize that they have a future and that they have the confidence to stand up to the pressure... Barbizon gave Briana the whole package: She's a great student, self-confident, she can think on her feet, and when she walks into the room people take notice of her." Barbizon International will be hand presenting the scholarship to Briana in May during a school assembly at North Ridgeville High School. To date, Barbizon International has sponsored over a half million dollars in collegiate scholarships! You could be next!!!

SPOTLIGHT ON THREE MODEL/ACTORS

The world of modeling and acting certainly goes hand-in-hand and the industry trend right now is the melding of both fields. Many models are now delving into the world of acting and vice versa just like our three lovely talents Marissa Irwin John "Vianney" Passio, and Andrea Debevc. Read on to find out all the fabulous projects these three have been involved with and how important it is to train in both disciplines as it creates WAY more lucrative opportunities!

Marissa

How would you like to do a job once and continue getting paid generously for it for the next few years?!? Marissa Irwin, from North Canton, Ohio and model/actress extraordinaire is earning a generous paycheck because of just that! Our glam gal who works on a national level between New York and LA did a job over 3 years ago and the client, L'Oreal continues to reuse the pictures. Lucky for Marissa this was a high paying gig to begin with - and will pay Marissa another 10K to use her photos again this year! Not a bad way to start off 2010, huh?! You may remember, that Marissa recently returned from a brief stint working over in Europe. Now that she's back in the States, she travels back and forth between the East and West coasts - doing her modeling thing in The Big Apple - just recently in fact, shooting for the Avon catalogue, while pursuing the commercial acting market in Hollywood - just completing a video for everyone's favorite purse company - "Coach"... Literally, the best of both worlds!

Los Angeles has certainly been good to our models/talent as of late! John "Vianney" Passio is one such Pro-Model and Talent alum who continues to stay busy out in Los Angeles. Recently, John has done a series of ads for the popular brand "Affliction" that has just released a new line called "Remetee". Additionally, he did a bit of print work for the Rosseli sleepwear company, shot a commercial for a new cologne called "#9", flew out to Las Vegas for an MGM Hotel shoot, AND just nabbed a role on a show on the Disney Channel show titled: "Good Luck Charlie". Life sure sounds good for this dashing young gent! Take a look here first to check out John's hot new look too! Can you say handsome?! Oh my!

John

ANDREA

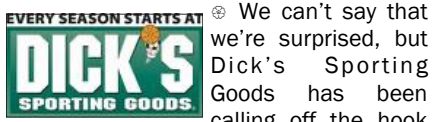

Oh how that Andrea Debevc shines in front of the camera! Our local talent, who is also quite experienced INTERNATIONALLY, gets glammed up too just like Marissa and John. Take a look at this small sampling of images of Andrea from her gig with Henri's Cloud Nine. Andrea is the glamour-puss of the year featured in sparkly, cha-cha-cha prom dresses that would make any young gal go crazy. We're loving that Andrea is featured all over the retailer's website too enticing many buyers to try on all the gowns she looks so dog-gone good in! But, wait a second, that's not all. The client loved working with Andrea during the prom shoot so much that they called her back to come down for an informal runway show last month in Zanesville! Andrea is also psyched to reacquaint herself with the international market as she'll be working between Canada and the US beginning next month!

MODEL/TALENT TALK

The following are just a FEW highlights of just a handful of auditions and bookings at Pro-Model and Talent.

Pro-Model and Talent Mgmt. has so many models and talent appearing in feature films, television shows, magazines, catalogues, etc. we have listed just a few of the Pro-Model and Talent Mgmt. models and talent who are working successfully in many markets. We are thrilled to tell you about:

⊗ We can't say that we're surprised, but Dick's Sporting Goods has been calling off the hook with the desire to book our talent for various in-store signage gigs as well as to feature them in their sought after seasonal catalogue. For a couple of separate shoots the client needed "Golfers" and decided upon Marlin Jones, Michelle McCauley, and Tanisha Morrow not only due to their good looks, and skills on the course, but also because of their knowledge and training, as well. The client was SPECIFIC in their request to book only those who know how to swing a club - you just never know when you'll get to tout your sports skills here at the Agency- Look for this handsome trio featured on in-store signage during the next few months! For a different shoot Dick's called upon Jane Morse for another golf-themed shoot. Jane made her way out to Pennsylvania to don full golf regalia as she will be featured in the Spring Catalogue for the season. On a different beat, Eric Standish was booked for a FULL TWO DAYS with the client for a Tailgating print gig. Eric had a terrific time on set donning team jerseys etcetera and really wow'ed the client with his technical skills and go-getter 'tude! Look for Eric's face on in-store signage as well! We are so proud of all of our talent and can't wait for more to come!

⊗ Logan Bartholomew, from Mansfield, Ohio took a breather from acting for the past few years and has recently decided to delve right back into things! Logan just transitioned back into the industry and has been pretty busy every since, as he just wrapped up shooting "The Genesis Code" a film about a college hockey player and a female journalism student who struggle to find common ground with their spiritual faith and scientific studies. Logan takes the lead role in the movie playing Blake Turman and says he had a blast shooting in Grand Rapids Michigan. The movie is slated to be released this month, so make sure you check it out and cheer on a fellow Pro-Modeler on the screen!

⊗ Ever want to be someone else for the day? How about a cartoon character? Crystal Baker, one of our very fastidious promotional models, jumped at the chance to dress as Jimmy Neutron at a recent meet and greet at the Lima Public Library. Crystal intermingled with the crowd, stopped for photo ops and overall entertained all the on-lookers. Super awesome gig and a great way to make some dough!

⊗ What's brewin'? That would have been an appropriate question to ask a handful of our talent as they worked the popular and 2-month long Tassimo Brewer event. Our girls headed out to area Macy's and Bed Bath and Beyond stores to not only brew up some Joe for the shoppers, but also to help educate the consumers all about the benefits of drinking the java! The majority of our staff enjoyed the brewer SO much that they wanted one for themselves afterward! Great job!

⊗ What comes to mind first when you think of spring time?! If it's gardening, you're right in tune with Improvements catalog and the theme of the shoot they did recently with our very own Michelle Mescan and Megan Little. Our girls were shown in the 'zine smiling away doing various domestic chores and of course also out in the garden and impressed the client to the max. As you know Improvements enjoys working with many of our talent throughout the year and are always looking for new faces - just as they did for this shoot adding Michelle and Megan to their repertoire of models to call upon.... Who'll be the next New Face... Could it be you?!

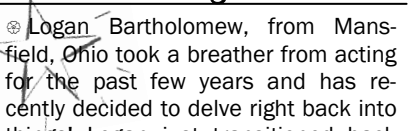

⊗ Here comes the bride! That Sharon McGrady just loves to do the Today's Bride show each year and is called upon by the client each season due to how well she wears the pretty gowns on the runway. The show took place at the ginormous IX Center where loads of Brides-To-Be hung around to not only view some spectacular gowns, but also to check out all of the vendors who want to help make the special day the best it can be!

⊗ Women love Olay because of the effectiveness of the products and the affordability. Our talent love Olay products because they get to run around town to tout all the benefits AND get paid to pass out coupons, samples, and advice to interested consumers. Nothing was different at a recent Olay Solutions event where our staff Sharde, Jordan, Terri, Emily, and a handful of other promotional staff members visited local retailers and made some moolah while they were at it. Look for our staff at your local store and you may snag a discount or two yourself!

⊗ Whoop it up my friends for the uber-talented Katie Ross who just landed a recurring role on Miami Medical. Our camera-savvy gal takes on the role of "Nurse Jeanie" on the show, where she'll have NO Problem acting authentic since, she has a formal nursing degree and worked on set previously as the "on-set" nurse for the cast and crew! Way to work your way up the ranks girl! We're so proud!

⊗ It's hard to keep track of what round of the Wellness event we are on now!! Our staff has been busy visiting lots of Walmart stores over the past 6 months spreading the word on the healthy, good-for-you, and make ya better products that Walmart carries. For a recent stint several of our effervescent promo girls chatted with consumer about Robitussin and other cold/flu remedies. Our client was extremely pleased with our staff's attention to detail for this event that they'll probably be calling again soon with more opportunities!

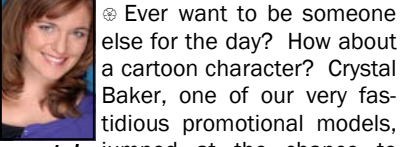

⊗ Get ready to see Jane Morse in some upcoming Time Warner spots on the tellie! Jane looks wonderful in the ad as she visits the locally owned Wadsworth running her "daily errands." The even better news, is that this client loves working with Jane (who doesn't though) and will most likely turn this into an on-going booking! What else? Jane also did a voice-over for this same client and another one as well! It's not unusual for Jane to not only provide sound support for her spots but to also appear as a spokesperson! Can't wait to hear and see the results - especially since the one project was shot a second time in HD! What other projects can we brag about Jane being involved with? How about a print shoot with the catalog Amerimark, where Jane was truly at ease in front of the camera leaving her excited for more bookings to come!
