• Piece of CAKE! Jane Morse loves doing voice over work and the clients love her because she's so good at it! Jane's a favorite of one local client because she has the ability to recite a script and tidy up the spot in about 15 minutes flat... Clients are enamored because their day isn't wasted on ill-prepared talent and JANE is head over heels because she reels in an easy breezy \$50 for simply lending her vocals. SWEET! What else?? Yes sir we sure do LOVE those residuals (and so does Jane!) What's a residual? Basically, if you do an awesome job the first time 'round and impress the client enough that they continue to use the results of the initial booking over and over again, you get paid for doing literally nothing! Jane knows all about it after a booking she did over a year ago with Cub Cadet! Our girl was so fabulous in the spot that the client called us to let us know that they'd be paying her a whopping residual payment for her hard work the first time she did it! It's always good to get an extra paycheck.

Matt •So what's new in the uber-talented world of Matt Coffey?? Well before you read on, we must warn you that you might get a tad jealous!! Matt just returned from sunny Cali (LA) where he says he had a stellar time! His two-week stint out in Hollywood was quite successful for Matt, as he worked as an extra on a Pilot called "Traffic Light" and the Disney XD Show called "Zeke and Luther" AND he also met the assistant Disney casting director who got him into a taping of a new Disney show "Good Luck Charlie". Afterwards she also took him down to meet all the actors! In his spare time Matt had three auditions and did a new photo shoot! Take a look at some of the updated pics here!

Breaking News!

Barbizon of Akron Grad. Briana Lehman Wins \$100,000.00 College Scholarship!!!

Barbizon of Akron Graduate from North Ridgeville wins \$100,000.00 college scholarship courtesy of Barbizon International.

"I don't have to worry about money for college anymore which means I can focus more on studying and grades and go to any school that I have always wanted to go to!" Said Briana Lehman when we chatted with her after she found out the AWESOME news! Now she can't wait for the special assembly held at her high school in this month when Barbizon International presents her with the scholarship in person!!

To date, Barbizon International has rewarded over a half million dollars in college scholarship money to deserving students. Each year, the company holds a drawing for a \$100,000.00 college scholarship chosen at random from a collection of ballots. This year we are proud to announce that Briana Lehman who just recently graduated from Barbizon of Akron, and a sophomore at North Ridgeville High School, is the 2010 winner! Lehman is a stellar student with a 4.3 Grade Point Average who has dreams of attending a top-ranked university and now has the opportunity to fulfill her aspirations as a result of this scholarship. Briana said, "I have always worried about the money involved with going to college. I didn't want to tell my mom where I really wanted to go, because I didn't think that it was realistic. Now, I can go to NYU or any of the Ivy League schools, that I have always wanted to go to but didn't think I would be able to! I don't have to worry about the money any more which means I can focus on my studying and grades."

Of course, Briana credits much of her self-confidence and ambition to the experience that she had with Barbizon of Akron. Barbizon of Akron, taught her the importance of saying no to peer pressure, cultivating a better sense of poise and general presence, and of course developing a competitive edge. She says, "Barbizon of Akron pulled it all together for me. Now I know how to go into any job interview and [handle myself]... Barbizon helped me prepare for the real world and put me ahead of the pack!"

Briana's mother said that she too attributes her daughter's strong sense of character and self-esteem to Barbizon of Akron. "[Barbizon of Akron] helps teens develop self-confidence, self esteem, and the strength of character to be able to stand up to the peer pressure that is out there today. [Barbizon Graduates] realize that they have a future and that they have the confidence to stand up to the pressure... Barbizon gave Briana the whole package: She's a great student, self-confident, she can think on her feet, and when she walks into the room people take notice of her."

What's even better, is that you too have the chance to win this fabulous scholarship money yourself! Simply fill out the bottom portion of the scholarship form that is included within your welcome packet and turn it in at the front desk! There are so many individuals deserving of a college scholarship—why shouldn't it be you!?!?

The biggest of her achievements while in the lovely country to our North is the Samuel Dong campaign that she did in Montreal. The results of her elaborate shoot - that included a herd of ostriches, will not only appear on billboards throughout the country but also in the designer's Look Book! We can't wait to see those pics! You never know what you may end up shooting with in the modeling world.

OLAY

Sam's Club could be so doggone fun and helpful!
• Our cutie pie Nadya is back at it with Classic Imports where she is the fit model of choice due to her perfect stats!! Nadya can't wait to get back with the client to work with them for a FULL day trying on various trendy tops, dresses, skirts, and pants for this eclectic clothing company located in Wooster Ohio. What's Nadya's responsibility?? Just making sure the clothes fit JUST RIGHT - Sounds like a sweet deal - reap in the dough just for trying on fab-o clothing!! Rock on!

• Anyone from this area knows that the IX Center in Cleveland is always hoppin' with lots of fun events and trade shows, so it's not surprising that some of our seasoned models are called upon to assist with some! One of our pretty young ladies Leah Prentice, for instance is stoked to partake in a FOUR day booking that will have her warmly greeting lots of trade show attendees! She'll also pick up lighter than air tote bags and will place them on a conveyor belt for demonstration purposes, since the company primarily deals with factory equipment and the like. Leah's bright smile and larger than life personality will be a great bonus to the booth set-up and the hefty check she earns for all of her hard work will make the booking even more sublime - psst... she's earning over \$1000.00! That's nothin' to scoff at!

IX CENTER

• Here come the brides! Andrea, Anna, Rachel, Devon, and Heather looked beyond stunning in the beautiful bridal gowns provided by Matina's Bridal Salon during a recent bridal show at the Kalahari Resort in Sandusky. Everyone was stoked to participate in the show again since they did the earlier show this year in Boardman and already knew exactly what they needed to do! So take note all models, if you do an awesome job the first go-round, you are bound to be asked back for more and more projects. Looking gorgeous (as usual) girls!

Emily

• Our flirty AXE angels had a blast spritzing their scent cards for all the dudes who want to smell super masculine! The ladies were done up in Axe tees and made sure that everyone who was visiting the store got a sniff or a bit of information about the smell-alicious stuff. Now there are lots of great smellin' dudes out there!

Jessie

Marissa

gal Marissa Irwin appeared recently on the show and was shown, modeling some fabulous new Spring trends organized by famous LA and NYC stylist Robert Verdi that featured looks on what to wear to the next awards ceremony! GORGEOUS!! What else has the glam Marissa been up to? Why she just recently booked a national campaign for Redken - the well-known hair product company...Soon, you will see Marissa's face everywhere for Redken. This is awesome news, especially since national campaigns for models in the national market always bring in a ton of moolah! Marissa also just completed a two-day shoot for Genlux magazine which is a very cool high-end California based magazine that features luxury fashion and beauty products for the discerning fashionable ladies of Southern California. Check out the website yourself for a visual treat and some fashion advice to boot! www.genlux.com.

Katie

• Former Barbizon of Akron student Katie Ross is in beautiful Los Angeles where she is a regular on the show "Miami Medical". During her hiatus from that show, Katie had a great time on set with the cast and crew of Hawthorne. Listen to what Katie had to say about that experience: "One of my most interesting events on set was working with Will Smith as the on set technical advisor. He's such a pro! It was great to watch him work behind the scenes and assist him with the medical storyline." Katie also took a role on "True Blood" recently which she said was so cool because it was a 3 day medical shoot and she was the on-set technical advisor and on-camera nurse. Katie loves it when she gets to work behind the scenes and on-camera - which she can do because she is a formally trained nurse—so basically she gets paid for 2 jobs! Way COOL!

• Improvements Catalog couldn't get enough of our great models/talent this past month!!! In preparation for their Spring/Summer editions, our client needed to utilize several of our faces! Juanita for instance was booked for a two day shoot where one day she shot in studio and the other on location! Mindy Cooper was booked as well, and had a terrific time lounging in a water chair and water noodle in order to get just the right shot!! Our little one Vivienne Cisar was called upon as well for a girly shoot featuring her doing it up at a "girls only" tea party complete with mini tea set! HOW CUTE! If you can believe it, we're not done yet!! Our other talent, Morgan and Erin played pool table tennis and got to shoot in a pool, while sweetie Corey Clemens showed up on set to play with a make-believe dog - our sweetie pie did a terrific job improvising especially since he was supposed to have a REAL doggie to work with! And finally, Rebekah Toussant was on hand for two shots... One garden scene and one where she was featured poolside as well donning a swimsuit! We love staying busy and so does our talent! Can't wait for more to come!
